Re: Town Hall Meeting Rescheduling

Stephens County Hospital has decided to postpone the Town Hall Meeting scheduled for October 19<sup>th</sup> to a later date which has yet to be determined. The purpose of the request to postpone is to allow the Hospital to continue to explore several strategic initiatives which may impact or reduce any requests for financial support from the Hospital to the County. The Hospital is confident in its cash position to be able to delay the Town Hall for the time being and feels it most important to have explored any option it may have to its fullest extent before submitting any further requests for financial support. When the Town Hall is rescheduled, we will be sure that it is well promoted and hopefully well attended. We feel it is very important that the community be involved and understand our strategic plan prior to any future discussions around financial support. We apologize for any inconvenience this postponement may cause, but feel it will ultimately lead to a more productive meeting once scheduled. Thank you for your understanding and we look forward to holding this Town Hall in the very near future.
